

A EUROTECH GROUP BRAND

VENTURE LAMINATE

Item no. EV6-8055

Product Information

The Venture Laminates is a premium clear polymeric calendared PVC film designed for cold lamination, perfectly complementing the Easy Install Venture SAV and other self-adhesive vinyl products. It features an 80-micron caliper, a gloss finish, and a clear permanent acrylic adhesive with a thickness of 25 microns.

The laminate provides superior protection and high clarity, maintaining vibrant colours and sharp details of the graphics beneath. It offers up to 5 years of durability for unprinted vertical exposure.

Available in 1370 mm x 50 m rolls, it is ideal for flat surface applications. Store between 20°C and 25°C with 50% to 55% relative humidity to maintain product integrity.

Shelf Life

12 months when stored in the original packaging between 20°C and 25°C at 50% relative humidity.

Technical Data

Carrier	Clear gloss polymeric calendared PVC
Thickness	80µ (+/- 5%)
Adhesive	Clear solvent acrylic, permanent (25µ)
Adhesion	12 N/2.5cm
Liner	Two-sided PE coated kraft paper (145 g/m ²)
Application temperature	+10 up to +40°C
Temperature durability	-40 up to +80°C
Outdoor durability	5 years (unprinted film)

Standard Dimensions

1370mm (wide) x 50m (long)

Safety Data Sheet

When used under normal conditions, this product does not generate or release any dangerous substances or hazardous chemicals. This is a non-hazardous product in accordance with the current GefStoffV and EU criteria. Therefore it is not necessary to prepare a Material Safety Data Sheet for this product. The Safety Data Sheet serves only to comply with the regulation to supply information in accordance with REACH Regulation (EC). No. 1907/2006 and is available on request. This product is not hazardous with regards to transportation legislation. Neither does it contain substances that are hazardous to water within the meaning of the federal water act. After use, dispose of the waste product in accordance with local/national authorities.
